Objective.

Multi-disciplinary designer looking to bring a unique set of experience and knowledge to the workplace. Understanding the power of visual communication and combining it with sensorial and physical aspects of an environment, allows me to change the way an audience experiences a space. My ultimate goal is to use my design skill to help better the lives of others and better the future of the world.

Education.

Art Center College of Design 2025
Masters of Science, Spatial Experience Design

University of Redlands 2022
Bachelor of Arts, Studio Arts / Graphic Design
